

THE POWER OF THE PRECISE

Etherea is a modernist landmark in Jumeirah Village Circle defined by grid and glow. It is a structure of balance and integration, where a grand lineage meets a focused soul.

In narrowing the frame, the light is magnified to create a concentrated residential experience.

A SOPHISTICATED DISPLAY OF MODERNITY

The tower is characterised by a unique exoskeleton and satin chrome finishes that provide natural shading.

This structure maintains a glowing, iconic footprint at night, culminating in a structural crown. It is a form that breathes, blending sleek glass with the precision of a master-crafted grid.

A SANCTUARY NOT DEFINED BY SIZE

Etherea is for individuals who seek a grounded escape that never compromises on connectivity. It is a residence that understands true prestige is found in the ability to choose your own pace.

Here, luxury is found in the ease of life provided by a well-sited home.

PRECISELY CRAFTED

Etherea is exemplar of Binghatti's uncompromising standards. We embrace energy-efficient building practices and utilise sustainable materials throughout the structure.
