Crafted for the Few — A Unique Home in the Capital's Most Prestigious Location

Rising in the heart of Al Maryah Island — one of the UAE's most exclusive districts and home to a globally recognized financial center — St. Regis The Residences offers a rare blend of elegance, prestige and waterfront calm.

Boasting one of the capital's most desirable addresses, this sanctuary redefines ultra-luxury living. Timeless design, everyday comfort, and a world-class location come together in perfect balance.

From the moment owners arrive at their residences, they step into a lifestyle defined by comfort, style, and ease. With direct access to The Galleria, Abu Dhabi's premier luxury mall, they're just moments away from over 400 high-end boutiques, couture houses, and fine jewellers — especially convenient during the summer months.

Dining is equally impressive. Michelin-starred spots like Zuma, Nusr-Et, and Coya are just steps away, while within The Residences, a curated collection of cafés and restaurants brings elevated dining home.

Beyond its exceptional retail and dining offerings, the district invites residents to engage with a carefully curated mix of culture and entertainment. From family outings at the region's first National Geographic Ultimate Explorer to immersive screenings at Abu Dhabi's largest IMAX theatre, and moments of calm in exclusive rooftop gardens, every detail is thoughtfully designed to enrich daily life with comfort and character.

Where Calm Waters Meet the City's Pulse

Set along the water's edge with open views toward Saadiyat Island, The Residences offers a rare sense of tranquillity in the heart of the city. The canal-side setting, framed by a landscaped promenade, provides the perfect backdrop for morning reflection or an evening stroll beneath the quiet glow of the skyline.

Situated at the crossroads of tradition and modernity, residents enjoy close proximity to Abu Dhabi's historic heart while surrounded by contemporary elegance. Whether taking in views of the water, exploring the city's cultural landmarks, or simply unwinding in the comfort of home, every moment is shaped by a strong sense of place and purpose.

The image shows a modern, curved high-rise building at dusk. The building features multiple balconies with glass railings, some of which are illuminated from within, showing interior spaces like living rooms and dining areas. The balconies are curved and wrap around the building. In the background, a city skyline is visible across a body of water, with a bridge and a large island in the distance. The sky is a deep blue, and the water reflects the city lights.

An Architectural Masterpiece Overlooking a New Cultural Landscape

Positioned along a peaceful canal promenade and just minutes from Abu Dhabi's leading cultural and commercial landmarks, The Residences offers a rare sense of connection in the heart of the city.

To the east, uninterrupted views extend toward Saadiyat Island — home to the Louvre Abu Dhabi, and soon, the Guggenheim and Zayed National Museum — seamlessly integrating global culture into everyday life. With world-class five star hotels nearby, this is a setting where privacy, prestige, and urban sophistication come together with ease.
